27th PROJECTED IMAGES BIENNIAL

Dear friends of photography,

It is with great pleasure that Luxembourg becomes the epicenter of photography in 2013 on the occasion of the 27th Biennial of Projected Images. To coordinate and to promote photography and amplify relations between Luxembourg and photographers around the world - that was, from its inception, one of the objectives of Luxembourg's Photographic Arts Federation. An effective way to achieve this and to carry beyond its borders the message of photography is certainly the organization of a biennial which brings together photographs of the most diverse cultures which are competing for the lead end to a great projection full of discoveries and emotions.

Introduction by Romain Nero, Secretary General FLPA
